8 PORT GIGABIT SWITCH WITH 4 POWER OVER ETHERNET PORTS
CAS 8

Ideal for realising extra network connections for your in home network. 4 ports out of the 8 ports are equipped with the Power over Ethernet protocol (PoE) and can be used to power and connect PoE devices such as IP camera's, Access Points, etc. You can select one of 3 profiles with a switch, furthermore you can switch off the LED indicators with a switch. The CAS 8 has an internal power supply, so you do not need to connect an external adapter.

- IP TV Ready
- Qos / prioritization
- No configuration needed, only setting switch to 1 of 3 presets
