

Product Data Sheet

SECTION 1 : GENERAL SPECIFICATION

Model No.	WF088K
Product Name	Water filter cartridge for refrigerator
Media Material	Carbon Block and KDF®
Cartridge Dimension	Ø 79 x 146 mm

SECTION 2 : OPERATING CONDITIONS

Working Pressure	Max 125 PSI (8,6 bar)
Working Temperature	Min 1°C (34°F) / Max 38°C (100°F)
Service Flow Rate	2 L/min
Capacity	1200 Liters - Max 6 months

SECTION 3 : CLAIMING

For the treatment of drinking water.
Improve taste of water and ice.
Reduces unpleasant odors and taste, impurities, heavy metals.
Reduces growth of bacteria and limescale.

SECTION 4 : CARTRIDGE ILLUSTRATE

SECTION 5 : CERTIFICATION

Components and materials are in compliance with Regulation EC1935/2004

Filter element / material in compliance with FDA norms and verified by independent lab.
